

City Council Meeting 9/16/09

Gene Forte @ 9:15 –

Yes thank you Mayor, council, my name is Gene Forte 688 Birch Court. I've brought with me tonight Mr. Marion Santos of Toscano RV formerly of Santos Ford, because if Marion has anything he would like to say that I am not saying correctly, he can certainly correct it for me, but Marion Santos was a victim of an embezzlement um a very large embezzlement somewhere close to \$500,000.00 he sought the help of City officials here, he sought the help of the police department, they basically told him yeah go ahead and hit the road. Well now what has happened is one of the insurance companies has made a partial payment on the dollar amount that has been embezzled and now they are putting pressure on Mr. Santos to go ahead and ask questions of the district attorney's office as to why no action has been taken on the matter. Well Mr. Santos' has asked me and charged me with that task for him, for me to go ahead and see if I can exert some foot pressure upon the DA's and public officials to start doing their job and even though I can see that you're going ahead and paying, uhh.. they made a suggestion to Mr. Santos today to go out and get a forensic accountant, well they already know there has been an embezzlement, they've already made a partial payment but now they want to force Mr. Santos to pay a lot of money for what? Cause you fellows aren't doing your job. Now I have so many things to tell you folks and talk about I just don't have room. You gotta go ahead and get a badger but what we're really going to talk about is how I can go ahead and prove positively without a shadow of a doubt, even though people say that they believe that the media is controlled by the government, I can prove it and I can prove it because of a conversation I had with Mr. Vaughn regarding an article that Mr. Pride takes off. Mr. Pride writes an article that was on the internet on August 31st concerning a.. an alleged racial attack against the Mayor's house by throwing watermelons at it and inside that article it comes down and it makes reference to that the matter the incident took place three months after the Mayor was called a lying N word at a council meeting. Now I called Mr. Vaughn up and I told him that's slander per se you go ahead and get Mayor Jones back off from what he is doing along with the City Council and you get that stopped. That was the day before let's see the edition came out on Friday well low and behold the edition on Friday was the same article by Pride but it didn't have that line in there referencing you know the Mayor was called a lying N word and blah blah. So proof positive and just don't say people you just can't say well it happens all the time NO, people say it happens all the time but they don't have the proof I now have the proof twice so anything you hear about Mayor Jones anything you hear that comes out of the Los Banos Enterprise anything you hear is always monitored by not these council members well these council members but there are some people way above these gentlemen that

are very concerned about the evidence and goods I have on them and that brings us to the complaints and the actions I have against yes the Los Banos Police Department I want to make a note there's always extra police officers here when I come and they told me they come here for my protection from the citizens well I know the citizens in this room unless they are Tommy Jones' supporters and I'm sure you do have them Tommy there's not citizens that are really against me that's an illusion created by your mouth piece media. Cory Pride where did he go? This should be front page news people front page news Ben Franklin our founding father said the media had to be free to report upon the government to protect the people free from reprisal but now we have the government controlling the media we're being hood winked every step of the way and I guarantee you information from confidential sources regarding what was just done to relatives to scape goat Jones has come to me wait till I start looking to this gentlemen and everybody better start running thank you very much and for Mr. Santos I will tell you help this man you didn't now we've got to take it and go and go to DA's and we're going to force them to do the right thing thank you gentlemen.
