Corrections

Due to an error in court records, an article on page A1 on Dec. 4 regarding allegations against a local judge incorrectly stated that Eugene Forte had been declared a vexatious litigant in Monterey County Superior Court. The state Attorney General's Office filed a motion asking that Forte be declared a vexatious litigant, and that his ability to file future lawsuits be restricted. The motion was denied. A subsequent entry in the court record erroneously indicated the motion was granted.

|_____|

Due to an editing error in an article on page A1 on Thursday about ineligible athletes at Salinas High, the statement "But it's the athletes at Salinas who are getting suspended, not coaches or administrators" was incorrectly attributed to former coach Karen Carrillo.
